

Sketch of the speedskiing track from :VARS "Chabrière"

datas	meters
Altitude 1 Start	2715
Altitude 2 Enter timing	2345
Altitude 3 Exit timing	2315
Altitude 4 Braking zone	2220
Total length 5	1220
Competition track length 6	850
Braking zone length 7	270
Width start 8	45
Width comp. Track 9	50
Width enter timing 10	190
Width exit timing 11	190
Width braking zone 12	150
V1	230/250kph
V2	230kph
V3	213/221kph
V4	187kph
Gradient max/average%	95/67

 rocks

Remarks:
The timing zone should move above to offer a maximum braking zone.
Work is scheduled to extend and improve the braking zone; consequently the timing zone could be adapted
